Hello Scouter!!

Congratulations on your decision to find out more about bringing your Scout unit to visit Fort Knox. The Ft. Knox Scouting Community is happy to assist you by providing you with the information you need to make your decision. The Ft Knox area has many interesting activities to keep your scout unit busy.

Many people might think that with the heightened security on military installations in this new era, that it would be close to impossible for a Scout unit from another location to visit Ft Knox, but even now, during everyday, normal operating conditions it is still possible to visit, and even stay on post. The following information sets forth the guidelines for entry to the post, and the procedures for eating in the Kouma Dining Facility. It will also provide information on local facilities and attractions. There are several things to see and do, so it is recommended that you be specific about what you would like as part of your visit.

For other questions you might have that aren't answered in this document, you can contact the Ft Knox Scouting Community through the website at www.knoxscouting.org or at knoxscouting@yahoo.com. You can also contact the Post through the Public Affairs Office at 502-624-3351

Yours in Scouting

POST OPPORTUNITIES

There are several activities, events, and attractions to visit on the Fort Knox Military Reservation. It is not impossible to visit post and have a great time, it just takes a little planning.

SCOUT SPECIFIC

There are several opportunities on post for scouts, which you will find in some of the other sections, but one Scout Specific event held at Fort Knox is the Annual Future Leaders Day, held by the Fort Knox Scouting Community. This event is commonly held on the first weekend after school starts at Ft Knox, (which is usually the first or second weekend on the calendar).

This event usually offers camping on site at Keyes Park, and has a multitude of booths and events for our future leaders of America. Events range from Tiger and Daisy Scout aged events up to Boy, Girl, Venture, Explorer Scout Aged events. An event patch is offered. Really a great event, we hope that you can fit this into your planning. More details can be found on the [website](#).

PROCEDURES FOR ENTERING POST

Each organized group of 10 or more people may request a visit to the installation.
Procedures for entry to Fort Knox:

- All gates on Fort Knox are accessed from 31W.
- All buses must enter the Brandenburg Station Road Gate
- Cars and vans may enter any of the operating gates (Wilson Road Gate, Chaffee Ave. Gate, Bullion Blvd. Gate, Brandenburg Station Road Gate).
- Gate Operations - There are Department of Defense Guards, and Military Personnel guarding all entrances to Ft Knox. These officers are responsible for inspecting each vehicle and its occupants. Proper prior coordination with Post Points of contact (POC's) can make this phase go more smoothly.
 - Entry to the federal military reservation constitutes consent to be searched.
 - If the vehicle is not registered on Ft Knox, it will most likely be searched as part of standard procedure.

BLD 4022, Vine Grove Avenue

- Depending on the current level of security, this inspection could consist of different areas of focus and vary in the time it takes to complete, from one visit to the next.
- If you have met the requirements outlined in this document, you should have no reason to be concerned about admission to the post. There are, however, periods of increased security and alerts, which require the gates to be temporarily closed at times.
- **No weapons** are allowed on post
- Photographs
 - On Ft Knox, photos may only be taken inside and around the outside of the Patton Museum.
 - The Department of Treasury has its own set of guards that protect the Gold Vault. They do not allow photo's to be taken of the Gold Vault.
- **All individuals** over the age of 18 must show photo ID
- All drivers must show a valid driver's license, valid registration and proof of insurance.

On POST Activities

Military Training

There are actually certain military training events / activities that can be visited by Scouts at Ft Knox with the proper prior coordination. If a request is made in writing to the public affairs office, 12-weeks in advance, visiting the below Ft Knox activities can be requested:

- The Tank Driver Simulator where new soldiers learn to drive tanks through use of computer-generated scenarios.
- The Close Combat Tactical Trainer and the SIMNET are both computer-generated scenarios where young soldiers learn to operate tanks and vehicles.
- The Weaponeer is a laser-sighted trainer for the M16 (rifle).
- Maintenance classes where visitors can observe as soldiers take M1 Abrams Tanks and Bradleys apart and repair them can be visited.
- You may also observe a basic training class - this is dependent upon what the class is doing, but we will select a class that is interesting to observe.

At each of these facilities visitors will receive a briefing explaining the operation of the facility and then a tour of the facility. Facility access is dependent upon use by training soldiers. Ft Knox can only accommodate visiting these activities if you plan to visit them on a normal duty day (not available on weekends, holidays, or training holidays (which usually fall on the Friday before a three-day weekend)). **The public affairs office must have a written request for exactly what it is your group wants to see.**

FUN

On the weekends your group may use several of the Post facilities without making a formal request.

Patton Museum - The Patton Museum of Cavalry and Armor is listed as one of the *most*

visited sites in Kentucky. The facility derives its name from the famed World War II general, George S. Patton, Jr., and houses a tremendous amount of his personal effects. Storm. The Patton Museum is open seven days a week. The phone number is 502-624-3812.
